

## Summary Report on Career Counselling Activities

❖ For the academic year 2022-23

- **CAREER COUNSELLING PROGRAM**

Skill Enhancement plays a crucial role in building students' careers. Apart from educational knowledge, they also need different skills that will increase their abilities to perform well in professional life. PJ College of Management and Technology focuses on improving such abilities in its students by providing Skill Enhancement activities. The institution understands the importance of capacity development in building a good career. PJCMT has organized numerous activities in this regard in the academic year 2022-23.

A career counselling program was organized by PJCMT on 11.02.2023 for the students of MBA and MCA Department in which **Mr. Ali** from **Digital Web Placement Services** threw light in key areas for the improvement of their approach towards building professional career.

A total of 60 students from both the streams participated in this program and gained knowledge in this regard and made it a successful one.

- For the academic year 2021-22

- **CAREER COUNSELLING**

Career Counselling aids individuals in setting their career goals, future planning and developing effective strategies to reach their objectives. Career counselling equips individuals with essential skills for job searching, such as resume writing, cover letter preparation, interview techniques, and networking strategies

PJCMT organized a career counselling program on 07.02.22 to persuade the students in this regard which will help them in building their career in respective field. This program was chaired by **Mr. Sitaram Padhy** (Asst. Professor of MBA Dept.) and some of other dignitaries were also there. Mr. Padhy spoke about all the opportunities for the students after their academic career and interacted with them one by one to know their queries. A total of 61 students were part of this session.

PJ College of Management & Technology

- **COMMUNICATION & SKILL DEVELOPMENT**

Communication is a very important feature of all aspects of life. Every human being, regardless of occupation, responsibility, authority, station in life, age or gender needs to communicate. It is, therefore, necessary that we are able to communicate effectively. Communication is the activity of conveying meaningful information. Communication requires a sender, a message, and an intended recipient, although the receiver need not be present or aware of the sender's intent to communicate at the time of communication; thus communication can occur across vast distances in time and space. Communication requires that the communicating parties share an area of communicative commonality. The communication process is complete once the receiver has understood the message.

PJCMT understands this key aspect of life and tried to comprehend the same by conducting a **Communication & Skill Development** program on 01.12.2021. **Dr. Ipsita Patra (Asso. Professor and HOD of MBA Department)** was the speaker in this session and she addressed the students by discussing the role of communication in their life. It was a fruitful session and 60 participants benefited out of it.

- For the Academic year 2020-21

- CAREER COUNSELLING

A career counselling program was organized by PJCMT on 06.03.2021 to guide the students for their future endeavors. **Mrs. Snigdha Mohapatra (Asst. Professor of MBA Dept.)** addressed the students in this regard. A total of 60 students participated in this program. Mrs. Mohapatra resolved all the queries of the students and made this program a successful one.

- For the Academic year 2019-20

- **COMMUNICATION & SKILL DEVELOPMENT**

Communication is the transmission of ideas and information with the purpose of better understanding one another. This can be done verbally (through dialogue), in writing (through texts, blogs, and magazines), graphically (through figures, charts, and layouts), or via non-verbal communication (body language, facial expressions, voice tone). The importance of communication skills can be seen at the workplace and in personal life and just about everything else in between. Communication skills are inevitably required to allow a free flow of information between oneself and others. On the other hand, a lot of confusion and frustration can ensue if communication breaks down.

Considering this importance PJCMT organized a program on Communication and skill development on 07.11.2019 in which the expert speaker was **Mr. Kashyapa Kanti Sahu (Asst. Professor of MCA Dept.)**. A total of 60 students were part of this program

- For the Academic year 2018-19

- **CAREER COUNSELLING**

Career counselling is a process of providing personalized guidance and support to individuals seeking to make informed career decisions. It involves assessing your interests, skills, values, and personality traits to help you identify potential career paths that align with your goals and aspirations. For students, career counselling is especially important as it can help them make informed decisions about their future academic and career paths. By providing guidance on the available options and resources, career counselling can help students explore various career paths, identify potential barriers, and develop strategies to achieve their goals. To throw light in this regard PJCMT organized a Career Counselling Program on 22.04.2019.

**Mrs. Sasmita Satapathy (Asst. Professor of MBA Dept.)** was the expert speaker in this program. She guided the students the right path in career building. A total of 40 students were part of this session.
