Internal Quality Assurance cell

01.18/12/2022

As per the UGC guideline during 12th plan period the formation of Internal Quality Assurance Cell (IQAC) in higher education is mandatory. In pursuance of its action plan for performance evaluation, assessment and accreditation and quality upgradation of institutions to higher education, the National Assessment & Accreditation Council (NAAC) proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a accreditation quality assurance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system and work towards realisation of the goals of quality enhancement and sustenance. In fact it is insisted as a necessary to build and ensure Quality culture at the institutional level. So every college should have an IQAC cell with appropriate structure and process to meet the diverse needs of the stakeholders.

The prime task of the IQAC is to develop a systematic consistent and catalytic improvement in the overall performance of institutions. For this during the post accreditation period, it will channelise and synthesize all efforts and measures at the institution towards promoting its holistic academic and administrative excellence. It has the potential to become a vehicle for in quality enhancement by working out planned interventionist strategies remove deficiencies and enhance quality like the "Quality Circles" in industries.

So considering the requirement and necessity of the IQAC the Director decided to call a meeting of general staff to form a cell exclusively for our college to ensure and maintain quality in all spheres of activities.
